

Community

You might hear the word “community” a lot right now, but have you ever stopped to think about what it really means? Draw or describe what comes to mind when you hear the word community. You can focus on the community that you are part of, such as your home, your school, or your town/city. You could also focus on a community where you would like to live. Before you begin writing or drawing, think about the following questions:

- What does a community look like? How does it feel to be part of a community?
- How should people treat each other in a community?
- Are there any important tasks that should be completed in your community?
- Who should be responsible for doing the various tasks?
- How can people in a community be encouraged to work together?
- Are there any important rules that people should follow when they are part of this community?

Please feel free to share your drawings or descriptions of community with our online museum community by messaging them to @IAISMuseum. We'll be sure to select a few and share them with our followers!
